

Grant residents will soon be receiving courtesy nuisance letters on identified properties that could potentially be considered a nuisance under the adopted Nuisance Ordinances.

Letters are being mailed Certified in order to assure that the property owner and/or tenant has received them.

Those receiving courtesy letters are asked to clear their properties of code violations prior to those addresses being brought before the Grant City Council to be declared a nuisance.

West Central Nebraska Development District is the appointed Nuisance Officer for the city. Residents who have received a letter and have questions, are asked to call WCNDD at 308-284-6077.

City officials have no knowledge of who receives courtesy letters.
