

The Perkins County High School National Honor Society chapter held a very special event on Thursday and Friday, Nov. 21-22, during the first and second lunch periods at the high school. Frozen turkey shuffleboard games were played with participation being \$1 or one non-perishable food item. All collected food items were donated to the county food pantry. A total of \$90.50 and two bags of food were collected from the event. Money raised will be used to help families in need with Thanksgiving food purchases. Top: Several different techniques were used for shuffleboard. Tyler Sando (above, right) tried using his feet, while Kiffen Cook used a more traditional method of sliding the bird across the floor by the handles. Kaleb Gaar supervises the two participants. Below: Jakelynn Broeder (left) watches as PCS principal Dean Friedel expertly executes a nearly flawless slide across the floor. (Photos by Tim Linscott)
