

Crop scouts will learn how to better manage corn and soybean pests during a University of Nebraska-Lincoln Extension Crop Scout Training program March 16, providing in-depth and detailed information from specialists.

Registration begins at 8:30. The workshop is from 9 a.m-5 p.m at the Agricultural Research and Development Center near Mead. Cost is \$120. Fees include lunch and materials.

Preregister to reserve a seat and to ensure workshop materials are available.

Topics: how corn and soybeans grow and develop; insect management and quiz; identifying weeds—plant morphology; using a key to identify weed seedlings; diseases and quiz; and nutrient deficiencies.

Certified Crop Advisor continuing education credits are available. Contact UNL Extension at 402- 624-8030, 800- 529-8030, e-mail Keith Glewen at [kglewen1@unl.edu](mailto:kglewen1@unl.edu), or online at <http://ardc.unl.edu/training.shtml>.
