

Anyone enrolled in a Medicare Prescription Drug (Part D) plan will have the opportunity to compare and change prescription drug plans as of Oct. 15-Dec. 7 either by going to the Medicare website, [www.medicare.gov](http://www.medicare.gov), calling Medicare at 1-800-633-4227 or attending an area enrollment event.

Call 1-800-662-2961 to find the dates, times and nearest locations.

Again this year the Senior Health Insurance Information Program (SHIIP) volunteers and the University of Nebraska Extension Educators have teamed up to provide free, unbiased counseling information and enrollment for older Nebraskans and persons with disabilities who need a Medicare Prescription Drug plan or need to make a change in their present plan.

To facilitate counseling and enrollment, persons will need to bring a pharmacy printout of their current medications with the dosage and times taken per day and their Medicare card.
