

Dear Editor:

Mr. Stenberg has created another flap/flop as a candidate for State Treasurer. As Attorney General he "sold Nebraska down the Republican River to Kansas." His inept, poor attitude, mishandling of the Kansas lawsuit made a bad situation much worse.

The State of Nebraska will pay millions to Kansas because of Stenberg's mistakes, and the Republican River drainage will suffer for years. Nebraska can't afford Stenberg as State Treasurer; vote for Senator Tony Fulton.

Sincerely,

John Childears

North Platte
