

Dear Editor:

This letter is in response to Rhonda Kroeker's letter published June 22, 2011 in the Grant Tribune. Rhonda was given some incorrect information. She was told by this family that the Chase County bus drove 17 miles on gravel roads to pick them up. Chase County was contacted to verify this information.

Chase County had been contacted by them, but never did they pick them up. Dundy County, Hayes County and Hitchcock County were also contacted. They never transported the family either.

Our original offer to pick them up at the highway still stands.

Sid Colson

Perkins County Commissioner
