

Dear Editor:

The Perkins County Health Services Foundation has been in existence for over 23 years with the sole purpose of advancing health care opportunities in Perkins County.

Almost since its inception, the foundation has been under the administration of one outstanding leader, Ron Patrick. Ron has been a tireless and enthusiastic supporter of the many facets of health care in Perkins County.

After 23 years of service, Ron has decided to retire effective the end of the year. The foundation board of directors wishes to inform the public that his resignation has been accepted with regret.

Ron's philosophy while working with the foundation has been one of "fun raising" not fund raising, and his years of service have flown by. From raising money for the latest medical equipment and two new additions, to encouraging scholars to apply for foundation loans or scholarships, his contributions to the health care system in Perkins County are immeasurable.

While he may not be in the office every day, his love for the foundation and for the future of health care in Perkins County will in no way end.

Perkins County Health Services Foundation
