

This wish card hung from a decorated tree in a church foyer last Friday but had been snatched off by an eager participant in the Angel Tree project by Sunday morning. Each of the churches in the county is participating in providing gifts for those who might not have a very merry holiday if generous residents don't come forth. The concept of the Angel Tree is for members of congregations to pick a tag from a tree, then purchase the requested gift and return it to the church. The gifts will be delivered in time for Christmas. There is still time to bring joy into some needy homes during the Christmas season. Any questions about the project may be directed to Deb Marshall 352-4250 or Marlene Pritchett 352-4379. (Photo by Jan Rahn)
