

Postmaster Mary Bieber (center) explains the procedure for mailing letters to a group of Perkins County kindergartners under the supervision of teacher Erin Fisher (left) during a field trip to the Grant Post Office last week. The youngsters learned how mail is sorted, cancelled, and distributed, etc. Each student had a letter to mail to their parents or another designated party. Mrs. Sandy Prante's kindergartners, along with a host of para were also present for the educational experience. There are 44 students divided between two classrooms this fall. (Photo by Samantha Goff)
