

The RPAC band clinic was held Tuesday, March 22. Involved in the clinic were music students from Wallace, Hayes Center, Maywood, Medicine Valley and Paxton.

Directing the mass band was Stan Johnson, who has retired after teaching music in the public schools of Nebraska for many years, most recently at Shickley. Throughout his career, his bands were recognized for superior performances in both marching and concert.

He has been recognized by "School Band and Orchestra" magazine as one of 50 directors who make a positive difference in children's lives.

He was named "Music Educator of the Year" in 2007 and "Nebraska Teacher of the Year" in 2009.
