

Local school districts in cooperation with ESU #16 are sponsoring an opportunity for parents of preschool children to participate in Child Find screenings. This spring, screenings will be made available in each school district at the request of parents.

Child Find is a screening program for preschool children between the ages of birth and five.

Parents who suspect that their child (age 0-5) may need special help are encouraged to call their school district.

Children between the ages of five and 21 who reside in Perkins, Arthur, Grant, Hooker, Keith, Lincoln, Logan, McPherson and Thomas counties may be referred to the school's student assistance team. Parents should contact their local school district to request a referral.

Further information is available from the local school district or from the Educational Service Unit #16 office (308)-284-8481.
